

HAVE ROSY CHEEKS AND FEEL FRESH AS A DAISY—TRY THIS!

Says glass of hot water with
phosphate before breakfast
washes out poisons.

To see the tinge of healthy bloom
in your face, to see your skin get
clearer and clearer, to wake up with-
out a headache, backache, coated
tongue or a nasty breath, in fact to
feel your best, day in and day out,
just try inside-bathing every morning
for one week.

Before breakfast each day, drink a
glass of real hot water with a tea-
spoonful of limestone phosphate in it.
as a harmless means of washing from
the stomach, liver, kidneys and bow-
els the previous day's indigestible
waste, sour bile and toxins, thus
cleansing, sweetening and purifying
the entire alimentary canal before
putting more food into the stomach.
The action of hot water and lime-
stone phosphate on an empty stomach
is wonderfully invigorating. It cleans
out all the sour fermentations, gases
and acidity and gives one a splendid
appetite for breakfast.

A quarter pound of limestone phos-
phate will cost very little at the drug
store but is sufficient to demonstrate
that just hot water and limestone
phosphate, not just water and lime-
stone phosphate, are on the blood and internal
organs. Those who are subject to
constipation, bilious attacks, acid stom-
ach, rheumatic twinges, also those
whose skin is sallow and complexion
pallid, are assured that one week of
inside-bathing will have them both
looking and feeling better in every
way.

SHERIFF KILLED AND FIVE OFFICERS WOUNDED

When a Squatter Resisted a Siege
Near Whitestone, N. Y.

Whitestone, N. Y., Oct. 23.—Paul
Stier, sheriff of Queens County, was
shot and killed and four policemen and
a deputy sheriff were wounded late
today by Frank Taft, a squatter near
here, who had been resisting a siege
shot dead by Police Sergeant James
Fitzgerald. For an hour and a half
Taft resisted a siege by deputy sheriffs
and bluejackets from the United States
torpedo boat Henley.

Sheriff Stier, accompanied by a
policeman, went to Taft's shanty to
arrest him on an order by Supreme
Court Justice Van Sicken for con-
tempt of court. When the officers
formed Taft of their mission he picked
up a shotgun and fired at them. The
sheriff dropped to the floor mortally
wounded. Mrs. Taft, who had ad-
mitted the sheriff, fled from the shanty
and Taft ran to the roof armed
with a rifle and a liberal supply of
ammunition.

Police reinforcements soon arrived
and the shanty was surrounded. Taft
could be distinctly seen on the roof
smoking his pipe, with his rifle poised
for action. He fired several shots,
which were returned by the police and
deputy sheriffs. After five men had
been wounded by the squatter Fitz-
gerald obtained permission to enter
from the torpedo boat and approaching
the hut ordered Taft to surrender.
Taft fired at Fitzgerald, and the lat-
ter, a former United States soldier,
returned the fire. Taft fell dead.

GIRLS! TRY IT! HAVE THICK, WAVY, BEAUTIFUL HAIR

EVERY PARTICLE OF DANDRUFF
DISAPPEARS AND HAIR
STOPS COMING OUT.

DRAW A MOIST CLOTH THROUGH
HAIR AND DOUBLE ITS
BEAUTY AT ONCE.

Your hair becomes light, wavy,
lustrous and appears as soft,
silky, abundant and beautiful as a young
girl's after a "Dandine hair cleanse."
It's after a "Dandine hair cleanse."
Just try this—rub a cloth with a
little Dandine and carefully draw
through your hair, taking one small
strand at a time. This will cleanse
the hair of dust, dirt and excessive
oil and in just a few moments you
will have doubled the beauty of your hair.
Besides beautifying the hair at once,
Dandine dissolves every particle of
dandruff; cleanses, purifies and invig-
orates the scalp, forever stopping it-
ching and falling hair.
But what will please you most will
be after a few weeks you will find
that you will actually see new hair—fine
and downy at first—yes, but really new
hair growing all over the scalp. If
you care for pretty, soft hair and lots
of it, surely get a 25-cent bottle of
Dandine's Dandine from any drug-
store or toilet counter, and just try it.
Have your hair beautiful! You
will say this was the best 25 cents
you ever spent.

DIRECTORS RESIGN.
John F. Carpenter and Byron D. Bug-
bee Resign from Trust Company.

Monday morning at a meeting of
the directors of the Danielson Trust
company the resignations of John F.
Carpenter and Byron D. Bugbee, both
directors and both of Putnam, were
received and acted upon. The Putnam
gentlemen retiring because of many
other duties requiring their attention.
The places were filled by electing
Frank T. Preston, town clerk and
member of Killings, and Charles B.
Wiggin, Boston, to the directorate.

Mr. Wiggin is vice president of the
Merchants' National bank of Boston,
but not a director of that institution.
So the Clayton act prohibiting so-
called interlocking directorates does
not apply to him in his affiliation with
the local bank.

Mr. Wiggin is also a director of the
Bankers' Mortgage company, of the
Brookline Trust company, of the
Gloucester National bank, of the John

Brookline Savings bank, director and

Monday William W. Wheatley, Wil-

mill company has had a lease of the
mill for several years, this lease ex-
pires next year, but the mill company
sired to exercise its privilege to pur-
chase and the owners were agreeable.
Monday's sale gives full title to both
mills to the company, which pur-
chased the lower mill some time ago.

Informing Lecture at High School—

William Sainsbury's \$80—Thirsty

\$2—Miss Driscoll, of Norwich New
Primary Grade Teacher.

There was a good sized gathering
in the high school hall Monday eve-
ning, for the first entertainment of the
lecture course, R. Squires, official
photographer of the Boston Chamber
of Commerce on its South American
trip and the illustrated lecture proved
very interesting. A realistic journey
of 16,000 miles through the trade cen-
ters and scenic wonders of continent
to the south was taken by the audi-
ence. The views were excellent.

Baseball Season Ends.
The baseball season is over. The
last ball was pitched on the old fair
grounds Sunday afternoon. The tur-
moil of opposition that started when
Sunday baseball was first attempted
early in the season gradually died
down to a gentle breeze and then en-
tirely ceased. The crowds were very
large at some of the games but they
proved orderly and for the most part
confined their enthusiasm to the clapping
of hands. No complaints were
heard that the games created a dis-
turbance and the management is well
satisfied with the season's showing of
the home team, as are the fans.

THREE UNKNOWN HELPERS
DISAPPEAR WITH PURSE
William Sainsbury Loses \$80, When
Getting Ready to Move to Provi-
dence.

Captain of Police Joseph Ryan was
on the lookout Monday for three men
who stole a pocketbook containing \$80
from William Sainsbury, of Florence
street, Putnam. One of the men left
his coat behind and is known to have
boarded a south bound trolley ear
shortly after the theft occurred.

Mr. A. Edgington was engaged to
move the Sainsbury family from Put-
nam to Providence Monday morning.
He picked up three men on the street
to help him. While the men were at
work Mr. Sainsbury went to his room
and changed his clothing. He had par-
tially redressed when he was called down
stairs. When he returned to his room
he found his pocketbook gone—also
the three men.

The men did not belong in Putnam
and their names are not known. The
man who left without his coat had
on a gray shirt, dark brown trousers
and a cap. Officers south of Putnam
were furnished a description of the
man and asked to look out for him.

Sainsbury has been working as boss
finisher at the mill of the French
River textile company, Mechanicville,
but recently resigned to work in
Providence.

Resign as Directors.
Lawyer John F. Carpenter and By-
ron D. Bugbee, of Putnam, resigned
Monday as directors of the Danielson
Trust company of Danielson.

THIRSTY, IGNORED COP.
Providence Automobile Party Slighted
Silent Sentinel, at a Cost of \$2—
Forfeited Bond.

For hastening to get "down where
the business is done" and forgetting
in his hurry to pass to the right of
the silent policeman, that guards
Dugbee's corner, George Kirk was tax-
ed two dollars in the city court Mon-
day morning.

Two automobile parties from Provi-
dence that had been out hunting on
Saturday arrived in Putnam late Sat-
urday afternoon. Although bubbling
over with sparkling spirits they had
appeared not to sip of the cooling aqua
pura so when they arrived in Putnam
they had thirst that one could almost
see.

When coming up Front street
the man sitting next to Kirk, who
was driving, said, "When is it the
Eidweiser flows in this burg?" Kirk
replied, "The inn, I'll show you to it."
This remark containing the other party
was right about Kirk's machine so
he set to the inn first Kirk cut across
the bows of the other machine and
occasionally offending the dignity of
the silent arm of the law by passing to
its left. Captain Ryan saw the
speeding and speeding machine and
told how it all happened but thought
that a Sahara thirst was no excuse
for disobeying the city's traffic rules
and before the party got before the
bar behind which the cool Eidweiser
buried Kirk had to deposit a two spot
bond for the party to come back to
city court. When he failed to show
up the bond was forfeited.

Goes to Jail.
Paul Perkins was in court charged
with sleeping in various hallways in
the business section of the city. He
pleaded guilty and was committed to
jail for 30 days.

Some unknown cause will result in
the loss of an eye for Howard Withey,
who also suffered other painful but not
serious injuries.

Mr. Withey was engaged near the
town hall building in burning rubbish
from the store of S. A. Jordan when
the burning pile of waste materials,
Mr. Withey was struck by something
that punctured his right eyeball and
plunged his face, right arm and right
leg with small perforations. He was
given attention by Dr. P. P. Todd and
was also seen by Dr. George M. Bur-
roughs. Small pieces of copper were
removed from his arm and leg.

After treatment here Mr. Withey
was taken to a Worcester hospital.
His right eye is so badly injured that
there will be any chance of saving the
sight.

The man injured entered the employ
of Mr. Jordan Monday morning and
had been at work only a short time
when the accident occurred. Ammu-
nition is among the lines handled by
S. A. Jordan, but whether a stray shell
as some persons theorize, was in the
waste matter being burned is not
known. In any event, the explosion
was a heavy one and was heard by
blocks from where it occurred, many
gaining the impression that blasting
was being done.

ferred to the room made vacant by
the transfer of grade three. There are
at present nearly 350 pupils in the
